

Focus Questions

As you watch the videos, you may find it useful to focus your observations on the following questions:

1. What were the teacher's objectives in working with this group of third grade students?
2. What were the comprehension strategies used in the lesson?
3. What strategies did the teacher use to involve and engage all students?
4. What strategies were used to assess and diagnose the needs of students?
5. Did the teacher achieve her objectives for the lesson?
6. What are the important ideas and strategies from this video that you can use in your classroom?
